#### THE PERISCOPE

##### PROPAGANDA OF RACE HATRED.

(Chicago, Ill., News)

It would be idle to deny that the American Negro has serious grievances and special problems that challenge the attention of friends of justice and believers in the principle of equal opportunity. The solution of these problems will not be facilitated, of course, by the propaganda of race hatred. For that reason it is impossible to command too highly the spirit of the convention of the Lincoln League of America, which has been in session in this city. Education and patience rather than recrimination and denunciation, were the remedies earnestly favored by the speakers at this notable assembly of representatives of the Negro race in this country.

Lynching, disfranchisement in violation of law and various forms of discrimination were among the questions discussed, but the prevailing note was one of faith in American institutions and the American instinct of fair play. The remarkable advance of the American Negro since emancipation was gladly recognized, and in this advance was discerned the strongest pledge of further progress.

##### OHIO ENVIES KENTUCKY.

(Cleveland, Ohio, News)

The barbarous lynch law tradition dies hard, but such lessons as the Lexington affair should be of some avail. The Kentucky officials who upheld the law so resourcefully, courageously and successfully, regardless of the risk of getting themselves disliked by some of their neighbors, are entitled to the respectful compliments of all Americans who believe in law and abhor mob violence. Ohio has reason to envy her neighbor the excellent grade of law enforcement she enjoys.

##### ATTENTION PARENTS!

In at least some instances—though it would be unfortunate were the notion to become general that the law does its work promptly and well only where there is danger of mob lawlessness.

##### LYNCHING THE SOUL.

(By Wm. Pickens)

The politician in Washington attempts to lynch the Negro civilly and politically; the man at home in Texas attempts to lynch him with a rope. The one lynches him in soul, the other in body. If where the Negro is concerned, the senator respects no law, human or divine, as one of them said, then the lynching of the Negro is the most logical thing in the country.

##### NO SURRENDER TO MOB.

(Knoxville, Tenn., Sentinel)

But the organized authorities cannot surrender to the mob. They must stand their ground and public sentiment must uphold and support them. For in the other alternative it would not be one or a half dozen lives that would die but the social order itself and the lives of the multitudes dependent upon the social order must pay the price.

##### SOUTHERN AND NORTHERN MOBS.

(Pittsburg, Pa., Sun)

Mobs, both Southern and Northern, have been dealt with in two gentle a fashion. Hoodlums must be made to feel the strong right arm of the law. Those who do not respect law must be forced to fear it.

##### FIRE TO "KILL."

(Chattanooga, Tenn., Times)

The mob is afraid of a resolute officer with a force of resolute men armed with guns that when fired will be fired to "kill." Every other method has been tried to prevent mob violence, and has failed, but this method must succeed or else we are rushing surely into mobocracy. We are quite sure that mobs will at least be more circumspect than they have hitherto been in Kentucky as a result of this story from Lexington of official courage and determination.
